The Navy is requesting your review by March 23, 2021.

To access the Navy contractor APTIM's secure FTP website, accounts have been set up for each recipient. If the recipient does not have an account, the recipient will receive two (2) emails. If the recipient already has an account, the recipient will receive one (1) email.:

- One email will include the recipient's username and temporary password. (New accounts only).
- A separate email with the subject "New Package Is Waiting" will include the link for the document.
